SEE SAW

Aretha Franklin 1966

Key = A - 4 bar piano intro

Sometimes you love me
Sometimes you hurt me so bad
Ya get me out
When ya disown me baby

Like a good man oughta
My tears run like water
Not before your friends
Until we alone again

Chorus

Your love is like a see saw
Your love is like a see saw baby
Your love is like a see saw
Going up (**Up)**
Down **(Down)**
All around
Like a see saw

Riff ~~

Sometimes you tell me
And then sometimes baby
Ya lift me up
But as soon as I get up babe

You're goin' be my sweet candy man
Never know where I stand
When I'm on the ground
You send me tumblin' down

Chorus

Bridge (C#)

When I kiss ya and I like it ***(ooh ooh)***
And I ask you to kiss me again ***(ooh ooh)***
When I reach for you you jump clean outta site ***(ooh ooh)***
Ya change just like the wind ***(ooh ooh ooh)***
That ain't right That ain't right
That ain't right **That ain't right**

Solo on verse > ***Chorus***

Your love is like a **see saw**
Your love is like a **see saw** baby
Your love is like a **see saw**
Going up (**Up)**
Down **(Down)**
All around
Like a see saw Yeah
