BLAME ON ME

Tremolo reverb **- Em D Em Am7 D Em – Em**

You've been doing all that you do - and say, what you wanna say **Em D/f# Cj Bm**
and you're puttin' all the blame on me   (eh, baby…)   **Cj D Em**
everything i try to do, through it all you made it so hard for me
and you're puttin' all the blame on me
i'm givin' you my love, feel you want me come running after you
'cause you want to put the blame on me   (tell me)

Chorus   oh tell me (tell me)   come tell me (tell me)
tell me how you do me good
and you're puttin' all the blame   on me

through hard times and sorrow (mm hm) through heart aches and pain
i'll always be there for you   just for you   (uh… you say love is true)
you say your love was true   now you wanna break my heart in two
and you want to put the blame on me   (eh, baby…)
and it was so good before (uh huh)   tell me what came into your mind
why you wanna put the blame on me   **Chorus** - whoa…

Let's stop now I'm the same   it's just like I've been drained
tell me why you want to put the blame on me   oh…oh
if your love   can't be true   then i don't know what we gonna do
and you're putting all the blame on me   (yeah, yeah…)
i really love you   but you wanna hurt me,   why?
i want to know why   (tell me babe)
say you wanna light my fire (mmm hmm)
you wanna give me your desire   don't forget the word, no no no no no

oh baby,   tell me (tell me)   - tell me (tell me)
tell me how you do me good - and you're puttin' all the blame on me
oh baby, tell them (tell them) tell all your friends
tell me how you do me good and you're puttin' all the blame on me
if your love for me will never go
tell me baby, why did you say no no no no

outro = intro
