There's a dark moon over the city *Am Dm*  
There's a shadow, over the sky *Am Em7*  
Sent a message, no one receiving *Am Dm*  
Soon the sun will, be on the rise *F G Am*

There's a dark moon, without a season *Am Dm*  
Has no color, and no particular time *Am Em7*  
Moving slowly, clouds like curtains *Am Dm*  
There's a dark moon, passing me by *F G Am*

### CHORUS

And there's a space, where you used to be *G Am*  
There's a place, you left behind *G Am*  
I've been waiting here, but the fog won't clear *Fj Dm*  
Now I have no choice, want to hear your voice *F Em7*  
But there's no one home - nobody home *Am Am9 riff X4*

There's a dark moon, sending out signals *Am Dm*  
Down by the river, where we used to go *Am Em7*  
I see the water, hear the wind in the trees *Am Dm*  
And the river, continues to flow *F G Am*

Casts a shadow, over the land *Am Em7*

So many things, I don't understand *F G Am*

nobody home **X 4** *on riff* *Am Am9*
