

MY CITY WAS GONE

Key E (guitar hook based on Bm7 A a b^b b E5)

Bass Riff X 4

Guitar E blues riffs X 4

Riff Bm7 A5 Bm7 A E5

I went back to Ohio
But my city was gone
There was no train station
There was no downtown
South Howard had disappeared
All my favourite places
My city had been pulled down
Reduced to parking spaces

Ay, oh, way to go, Ohio **Bm7 ||||| E5 ||||| repeat intro**

Well, I went back to Ohio
But my family was gone
I stood on the back porch
There was nobody home
I was stunned and amazed
My childhood memories
Slowly swirled past
Like the wind through the trees

Ay, oh, way to go, Ohio **repeat intro – solo on E blues 3rd @ 14th**

I went back to Ohio
But my pretty countryside
Had been paved down the middle
By a government that had no pride
The farms of Ohio
Had been replaced by shopping malls
And Muzak filled the air
From Seneca to Cuyahoga Falls

Said, ay, oh, way to go, Ohio
