

## ONLY YOU

***C SS 1<sup>st</sup> intro = C G/b Am Am/g F C G X2***

Looking from a window above ***C G/b Am***  
It's like a story of love ***Am/g F***  
Can you hear me? ***C G***  
Came back only yesterday ***C G/b Am***  
I'm moving farther away ***Am/g F***  
Want you near me ***C G***

### ***Chorus***

All I needed was the love you gave ***F G***  
All I needed for another day ***C G/b Am***  
And all I ever knew ***F G***  
Only you ***C***

Sometimes when I think of her name ***C G/b Am***  
When it's only a game ***Am/g F***  
And I need you ***C G***  
Listen to the words that you say ***C G/b Am***  
It's getting harder to stay ***Am/g F***  
When I see you ***C G***

### ***Chorus X 2***

This is going to take a long time ***C G/b Am***  
And I wonder what's mine ***Am/g F***  
Can't take no more ***C G***  
Wonder if you'll understand ***C G/b Am***  
It's just the touch of your hand ***Am/g F***  
Behind a closed door ***C G***

***Chorus***            ***outro = repeat last two lines***
