

TOO MANY PEOPLE

Paul Mccartney

Intro (& chorus) - inside chords - A A7 x 0 3 2 3 x x 0 3 4 3 x

Too many people going underground	G D E A
Too many reaching for a piece of cake	G D E A
Too many people pulled and pushed around	G D E A
Too many waiting for that lucky break	G D E A

That was your first mistake
 You took your lucky break and broke it in two
 Now what can be done for you
 You broke it in two

Too many people sharing party lines
 Too many people never sleeping late
 Too many people paying parking fines
 Too many hungry people losing weight

That was your first mistake
 You took your lucky break and broke it in two
 Now what can be done for you
 You broke it in two
 Ooooh

Too many people preaching practices
 Don't let them tell you what you wanna be
 Too many people holding back, this is
 Crazy and maybe it's not like me

That was your last mistake
 I find my love awake and waiting to be
 Now what can be done for you
 She's waiting for me, yeah
