

WHAT A MAN

Linda Lyndell – 68 G

I get lovin' by the hundred,
And I get lovin' by the pint
Got me doin' the camel walk In my sleep
Make me do the James Brown Every time I get on my feet

What a man, what a man, what a man What a mighty good man
What a man, what a man, what a man What a mighty good man
Yes he is A mighty mighty good man

Let me put it on your mind Let me put it on your mind
He thrills me, kills me, He's a lovin' kind
Another ounce of his love And I think I'm a gonna slip
Lose my grip And do back over flips

Listen now What a man, what a man, what a man
What a mighty good man Say it again now
What a man, what a man, what a man
What a mighty good man, yeah

What a man And deep inside I know it
What a man And I'm not ashamed to show it **horns riff**

What a man, what a man, what a man
What a mighty good man
What a man, what a man, what a man
What a mighty good man Yes he is

**HORNS INSTRUMENTAL **

He can do, good lord He can do the funky Broadway
Yes he can, The funky four corner
He can back up, Back up and do the tighten up

What a man, what a man, what a man
What a mighty good man **X4**

Horns X 1.5 STOP
